

High-Performance Auto Polishing Tool System

Product shown: T100 Micro-fiber Pad

NEW DESIGN NOW AVAILABLE

ShineMate™ **T100**

3-IN-1 FAST CUTTING MICRO-FIBER PAD

For Orbital (DA) Polisher
One-Step Cutting & Finishing

- Higher Polishing Efficiency
- Longer Service Life
- Better Polishing Effect

Multi-Purpose Pad Polishing "All-Rounder"

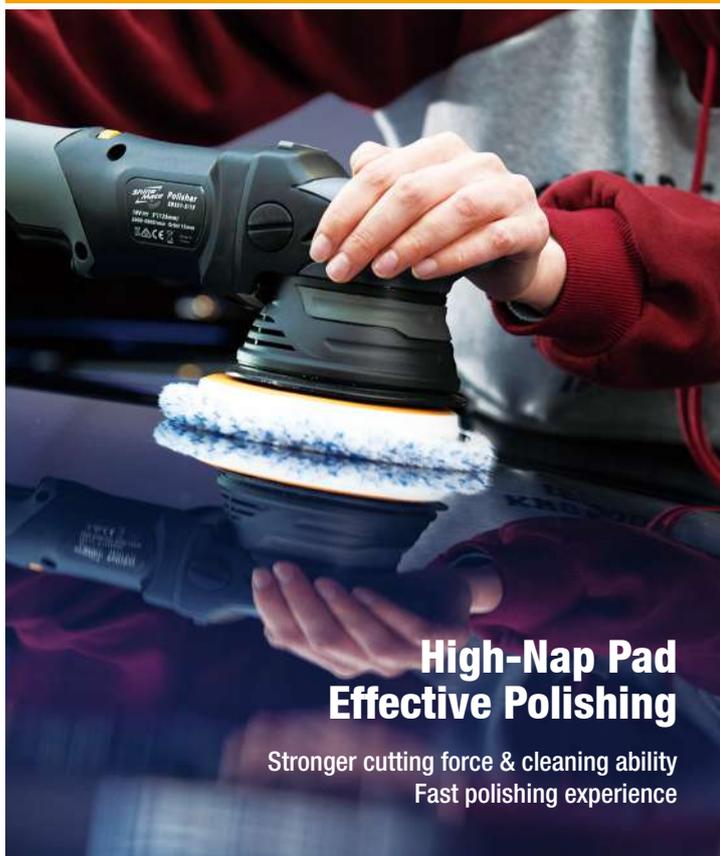

The new ShineMate T100 Micro-fiber pad adopts a 3-in-1 design for heavy cutting, medium cutting & finishing etc.

Work with V82 Fast Polish
To achieve one-step cutting & finishing

Work with V20 Final Finish
To remove ultra-fine scratches and swirl marks, restore high gloss finish

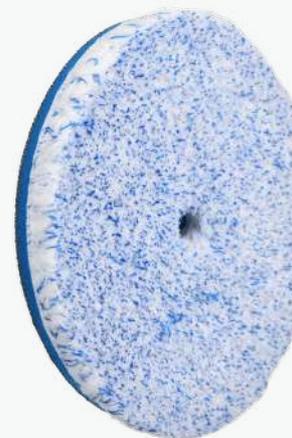

High-Nap Pad Effective Polishing

Stronger cutting force & cleaning ability
Fast polishing experience

Nano Technology Ultrafine Fiber

Blended nano-polyester microfiber pad, high cutting performance with high gloss finishing. Long service life, designed for orbital (DA) polisher.

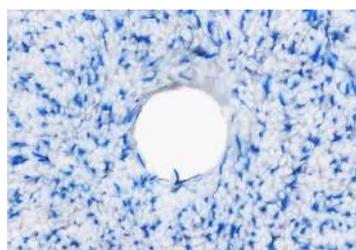

Professional Bonding Process

Heat and Water Resistant
No Fear of Washing

Densified Velour Strong Adhesion

High-quality nylon backing, strong adhesion, not easy to fall off, long service life

With Center Hole Effective Heat Dissipation

Reduce heat accumulation,
quick heat dissipation

* 5" & 6" Micro-fiber pad with center hole

Self-Adhesive Design

Simply stick it to the plate,
easy to use & replace

T100 Micro-Fiber Pad | Technical Parameters

Model	Nylon Backing	Hole Dia.	Backing Plate	Machine	Compound & Polish
41835	80mm	-	3" Backing Plate	EX Series Orbital Polisher	V82/V20
