DIAMOND CUT 3000

Extreme Cutting Power

Cutting 
Gloss 

CARTEC DIAMOND CUT 3000 is a compound with exceptional deep cutting, making it the perfect choice for hard and scratch-resistant paints. It quickly and effortlessly removes deep scratches, sanding marks (P1200 and upwards), spray mist, orange peel, dust, sags and runners. Additionally, it is highly effective on newly painted surfaces.

- Fast and deep cutting ✓
- Time-saving ✓
- Free of silicones, ammonia and fillers ✓
- Highly effective on fresh paintwork ✓
- Provides nice gloss ✓
- Easy to buff off ✓

RAPID CUT 4000

Heavy Cutting Power

Cutting 
Gloss 

CARTEC RAPID CUT 4000 easily handles challenging paint restoration. Ideal for reviving weathered and blemished paintwork, it effectively removes deep scratches, sanding marks (P1500 and upwards) and other imperfections. Its easy application ensures smooth surface restoration, delivering impressive results effortlessly. A great product for both the detailer and body shop.

- Fast and deep cutting ✓
- Easy and smooth performance during action ✓
- Free of silicones, ammonia and fillers ✓
- Provides instant high gloss ✓
- Minimal dust generation during processing ✓
- Time-saving ✓
- Easy to buff off ✓

SIZES AVAILABLE: 150 gr, 500 gr, 1 kg

FINAL CUT 9000

One Step Cutting Power

Cutting 
Gloss 

CARTEC FINAL CUT 9000 is a “one-step” finishing product that provides a deep gloss to the paint. Small scratches and holograms are easily removed. The “one-step” technology is a great tool for professionals who want to work efficiently. Also, it’s works perfect as the finishing step after compounding.

- Balanced “one step” technology ✓
- Very suitable for random dual action polisher ✓
- Quickly removes fine scratches and holograms ✓
- Provides a very deep gloss ✓
- Ideal product for detailers ✓

SIZES AVAILABLE: 150 ml, 500 ml, 1 ltr

ULTRA FINISH 12000

High Gloss Finish

Cutting 
Gloss 

CARTEC ULTRA FINISH 12000 is a finishing product that provides an extremely deep gloss on paintwork. The product guarantees 100% hologram-free results and a high gloss level.

- Guarantees a 100% hologram-free result ✓
- Provides an extremely deep gloss ✓
- Does not leave a greasy film ✓

SIZES AVAILABLE: 150 ml, 500 ml, 1 ltr

PANEL SPRAY

Surface Control
And Preparation

CARTEC PANEL SPRAY is an isopropyl alcohol-based cleaner that easily removes polishing residues, waxes, silicones or solvents from the surface.

- Effective and thorough cleaning ✓
- Displays the true condition of the paintwork ✓
- Ideal for checking polishing work ✓
- Prepares the paintwork for Ceramic Guard ✓

SIZES AVAILABLE: 150 ml, 500 ml, 1 ltr

WAXCOAT

High Gloss Protection

CARTEC WAXCOAT contains special polymers and Carnauba wax to provide long-term protection and gloss. Cartec WaxCoat does not contain polishing properties.

- Contains carnauba wax for optimum protection ✓
- Gives a very smooth and high-gloss result ✓
- Easy to process by hand ✓
- Hologram-free formula ✓

SIZES AVAILABLE: 150 ml, 500 ml, 1 ltr

HYBRID WAX

Liquid Spray Wax

Cutting 
Gloss 

CARTEC HYBRID WAX provides an exceptional, mirror-like shine to both new and polished paintwork, with guaranteed spotless results.

- Deep glossy result ✓
- Durable protection ✓
- Quickly removes light soiling and fingerprints ✓
- Very quick and easy to use ✓
- Non greasy and hologram-free ✓
- Can also be used on plastic ✓

SIZES AVAILABLE: 150 ml, 500 ml, 1 ltr

✓ The Cartec Unipads are anti-hologram, easy to use, heat-adaptive, and follow contours well. ∅ is diameter of the matched backing plate.

PROCESS CHART

A: Wash the car according to the washing process.

B: Evaluate the paint and choose the appropriate option from those shown below. Then, apply a moderate amount of polishing compound onto the polishing pad.

C: Spread the polish carefully using the polisher at the lowest setting, then gradually increase the speed to the recommended RPM.

D: Gently buff the polished surface with the recommended Cartec Microfiber Towel.

PANEL SPRAY
