Products for professionals

Description:

Neutral Wash Shampoo is a high foaming and highly concentrated car shampoo. The shampoo has been specially developed for washing by hand. The high-quality wash active ingredients ensure very good cleaning and optimum use of the car sponge or wash mitt.

Benefits:

- Pleasant cherry fragrance
- Developed for hand washing
- Highly concentrated
- Gives the best result before applying Wet Coat
- High foaming
- Very good cleaning

Application:

Neutral Wash Shampoo can be used for washing the entire car with a car sponge or wash mitt. The product contains no wax, which gives it the best treatment before applying Wet Coat. The shampoo has a cherry scent which gives a pleasant smell while washing the car.

Directions for use:

For best results, dilute Neutral Wash Shampoo 1:50 with clean water. Wash the car thoroughly with the mixture and then rinse with clean water. Afterwards, Wet Coat can be applied to the wet car. Dry the car carefully after use with a chamois or drying towel.

Tips & Tricks:

Neutral Wash Shampoo can also be used in a foam lance. Apply Wet Coat after rinsing for extreme shine and protection.
